ABOUT US

Dance Expression Studios is a young, fresh and vibrant Dance School in Essex that opened in September 2021.

We pride ourselves on the achievement of our pupils and their enjoyment of dance.

You want the best for your child and so do we! At D.E.S we strive to equip our students with the skills they will need to fulfil their dreams and ambitions, by instilling values that go beyond the dance studio. We realise that not every student will pursue a career in the performing arts but we believe that the skills developed through learning to dance will last a lifetime and give every student the edge in whatever career they chose.

In our well structured and dynamic classes our students will not only benefit from a wealth of knowledge delivered by our highly qualified and experienced teachers, they will:

- Make friendships that last a lifetime
- Have fun & feel part of the D.E.S family
- Develop poise, good posture & fitness
- Improve flexibility, strength, balance, co-ordination & endurance
- Understand the importance of having a strong foundation; mastering core techniques & new skills
- Learn discipline, resilience & perseverance

CLASSES

BALLET

Learning Ballet at Dance Expression Studios is a journey which typically starts from the the age of 3 years old when we introduce the first ballet steps in the context of stories and imagery to stimulate imagination.

Our objectives are always to ensure a caring and fun loving environment whilst developing the building blocks of dance.

From reception age, we introduce the Primary syllabus of the Imperial Society of Teachers of Dancing (ISTD) and gradually prepare your child for an optional first Ballet exam that can be taken once they reach the age of 6 years old and are of the standard required.

Exams are not compulsory, but we do encourage parents to have their child's progress recognised through the ISTD examination board. Preparing for exams instills a sense of purpose, setting goals to work towards and ultimately being rewarded with a certificate in that grade. Higher Grades achieved also count in points on the UCAS tariff for entry into higher education and university.

TAP

Tap is a great dance form to learn as it combines a love of dance, music and performance. It teaches the dancer about choreography, improvisation and syncopation.

You'll love finding your inner rhythm and improving your sense for finding the beats and patterns in music. It requires a lot of aerobic movement and weight shift which improves your fitness, coordination, balance, and core control.

Tap dance can be adapted for any age or fitness level, from young children to senior citizens and everyone in between. Tap steps are complex. Learning, practising, and putting them together is great exercise for your brain. It doesn't matter how old you are, making noise just feels good!

At Dance Expression Studios we start Tap from the age of 3 years old in our preschool combo classes and this training can continue all the way through to adulthood in Adult Tap Classes.

From reception age we follow the ISTD syllabus and examinations are optional once the child reaches the age of 6 and their technique is if the required standard.

CLASSES

MODERN

Our Modern classes at Dance Expression Studios follow the ISTD curriculum. It is an energetic dance style with theatrical qualities as seen in musical productions.

The Syllabus combines musical theatre, jazz and lyrical dance and teaches you movements from high kicks to leaps and turns! In class we work on strength and flexibility as well as performance skills and musicality. We offer the opportunity to take exams at the teachers' discretion.

ACRO

Acro dancing is a unique genre of dance that encompasses an exciting mix of acrobatics and contemporary dance. It has recently gained popularity from acrobatic and circus shows such as Cirque du Soleil.

Acro dance is comprised of athleticism, balance, limbering and tumbling, while increasing the body's contortion ability, strength and flexibility. These elements help make you stronger which will help you refine your form and keep control, especially when holding your own body weight.

Unlike gymnastics, acro dance blends the dance and acrobatic elements seamlessly, without pause and without the help of a sprung floor. It can either be fast-paced and energetic or slow and expressive, but it is choreographed in a fluid dance style, where acrobatics and dance work together harmoniously.

We follow the Acrobatic Arts syllabus and are the only certified studio in the area!

LYRICAL

Lyrical Dance is all about expressing emotion through organic movements and unrestricted lines. Incorporating elements of Jazz, Ballet and Modern dance, Lyrical is an exciting fusion which allows students to work through powerful and emotional routines.

The versatility of Lyrical means students can focus on learning alternative moves and rhythms, to free their movement, and become the audience's lens for the music's emotion through dance. We use a huge range of musical styles in these classes, and all choreography has a heavy emphasis on floorwork.

Lyrical classes are perfect for those who have studied or are studying other forms of dance, enjoy experimentation and want a more freeing style. In these classes, we aim to push dancers to new levels, as well working on the depth of their ability to emote in dance.

UNIFORM

To encourage the learning process we have a specially selected uniform for each class. Our uniform is an important aspect of Dance Expression Studios as it creates an identity and sense of belonging both in classes and in the public arena. We are proud that we have a wide range of classes, ages and abilities in our "Dance Expression Family" and the DES Team spirit is a wonderful way to encourage students to strive to be the best they can be.

Wearing a uniform also encourages discipline and focus and as much as our classes are about fun and enjoyment, discipline is required to ensure everyone in class receives a high standard of teaching. Wearing our uniform helps the students switch on when in class by association. It provides staff with the ability to see all movement and prevents economic and social differences as the pressure to buy expensive labels is taken out.

Each dance skill has a different requirements and each item of uniform has been chosen from our specialist supplier to assist the students as they learn their skills. We require all students to wear full DES uniform within 4 weeks of their class trial.

All of our uniform can be purchased via our online Dance Store (<https://des.danceschoolshop.com>)

Please be sure to read all sizing information carefully as lots of our uniform is made to order.

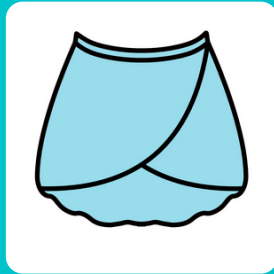

PLEASE NOTE: Most products are made to order and postage charge is for one delivery so if you require items such as socks/tights/shoes before the garments it's worth considering making 2 orders.
